Please provide your feedback about the webinar (what did you like most, which information you found particularly useful, etc.). \*

EXTREMELY INFORMATIVE. Masha has a wealth of knowledge and it's quite evident in her webinar. She really takes the time to break down the information in a way that is cohesive and easy to understand. I don't think there is any webinar out there like hers. Worth every penny!

Do you have any suggestions for our future webinars? \*

While the information taught was extremely insightful, I felt it was borderline "overwhelming" at times. Perhaps it would be nice to break the webinar into a two day session? I think it would be more engaging if people could ask questions throughout the webinar, instead of waiting till the end. Thank you!
